

CRAZY SERIES

CRAZY PETS

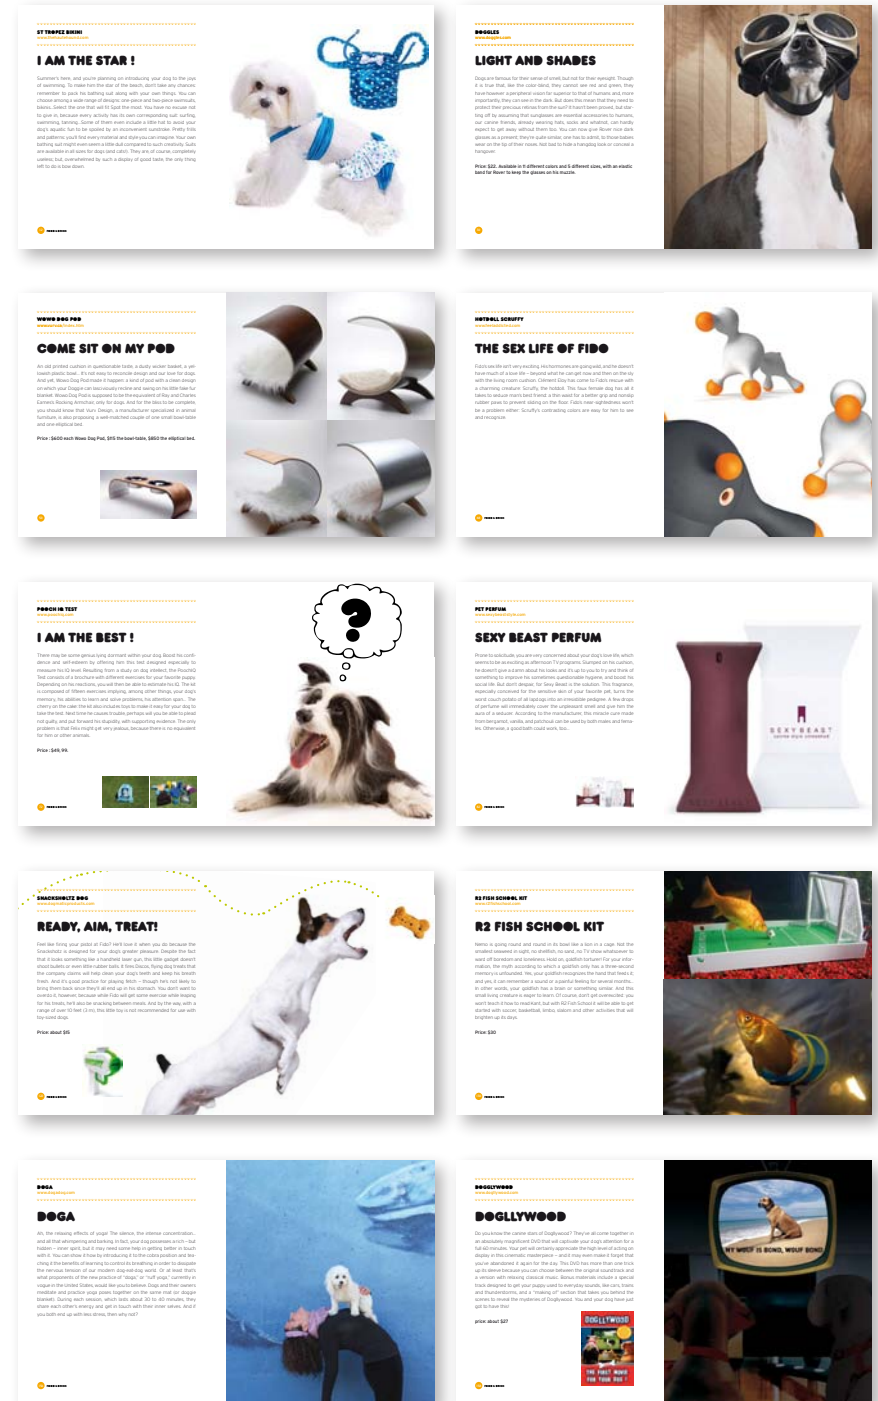

Why should you be the only one to enjoy cutting-edge technology and innovations? Why should science be limited to the use of humans? Pets too have a legion of gadgets at their disposal today. With **CRAZY PETS**, discover what you can get to hipsterize your dog: **a treadmill, a special ice-cream, a toy to keep it busy while you're away... or think of yourself and buy a fart deodorizer.** And don't you think your pet deserves to be pampered too? Take it to the pet spa, to a beauty salon, a summer camp... and show it that its master is the best.
