

## CHINA

Katy Flower

The world is beating a path to China's door, but how does one behave in order to gain admission? Culture Smart China will help turn your visit, whether for business or pleasure, into a memorable experience and help you avoid the many cultural pitfalls that await the unwary traveller.

Contents include:

- Local customs and traditions
- The impact of history.
- The Chinese at work, rest and play
- Eating and drinking Chinese style
- Business practices
- Communication, verbal and non verbal
- Taboos

The spectacular Beijing Olympics signalled China's arrival as a superpower on the world stage. The global economic crisis saw it become banker to the West, poised to eclipse the United States. This new edition of Kathy Flower's bestselling Culture Smart! China has been extensively revised and updated by the author to take on board the transformation in China's fortunes and the changing face of Chinese society, making it the indispensable visitors' guide to the complexities of a rapidly changing world power whose ancient culture and traditions owe little to the West.
